Caboolture Montessori School
PO Box 1610
CABOOLTURE QLD 4510

Dear Yvonne

Many thanks for recently allowing us to promote Mt Maria College Petrie to your families.

Subsequently, you asked us for information about students who have transitioned to Mt Maria College, having completed their primary education at the Montessori School, Caboolture.

The students from the Montessori School have coped extremely well in their transition from Montessori to Mt Maria College, Petrie. One of the benefits of attending Mt Maria College is that it is a small secondary school and everyone knows each other. Having only 60 students in each year level, provides staff and students alike the opportunity to get to know everyone. The children are managing very well both academically and socially.

Montessori students are generally quiet, independent, capable students. They are generally conscientious, diligent, committed, mature, polite, confident, courteous and cooperative.

I have attached a brief comment about each student.

Yours sincerely

Mandy Sullivan
Acting Principal
Mt Maria College Petrie
