PRINCIPAL | Robyn Conlin

Pumicestone State School is much more than an Independent Public School. It is a community that fosters and maintains relationships between staff, students, parents and the wider community that contributes to student success and a strong sense of belonging for us all. The school opened in 2017 and already has a well-established outstanding reputation for developing students as future citizens and providing quality schooling.

The school motto "Shaping our Tomorrows" epitomises our focus on ensuring all students have what they need to be successful learners and ensure that every child's potential can be realised. This is reflected not only in the modern facilities and integrated technology, but through innovative programs such as

a skills and career program "Prime Time" which link activities with future career and training opportunities. We offer opportunities, programs and experiences engaging our students with quality learning. Ensuring students are prepared for a global future, Chinese is taught from Prep to Year 6.

Our values drive how staff, students and community work together to deliver a respectful, supportive school where students feel secure, happy and confident:

We Nurture • We Challenge • We Care

We pride ourselves on the tone and culture of our school and are confident you will notice our environment of high expectations across academic, social and behavioural aspects.

PRINCIPAL Ange Padgett

It is an absolute privilege and pleasure to be Principal of Burpengary State School.

I am extremely excited to progress the school's explicit improvement agenda, which at its foundation includes literacy, positive behaviour for learning and continuing the implementation of the Australian Curriculum.

At Burpengary State School we ensure students are at the centre of everything we do. We are united by our positive school culture which is underpinned by our five building blocks for success - Excellence, Respect, Resilience, Integrity and Cooperation.

Our school also prides itself on its literacy program, where every child is catered for and given feedback to ensure maximised learning outcomes.

Inviting classrooms, huge ovals, multiple playgrounds, multi-media rooms, a science lab, a well-resourced library and a large hall provide our students with the best possible facilities and enhance students' learning experiences and opportunities.

Specialist teachers in Physical Education, Music, Library, Japanese, Humanities and Social Sciences and Digital Technologies provide weekly lessons with our students. Specialist support staff include a Guidance Officer, Speech Language Pathologist and an Occupational Therapist.

Our school works closely with the community to ensure we achieve the best for our students. It's easy to see why Burpengary is the place to be.

PRINCIPAL Yvonne Rinaldi

2020 Vision for the Future. "This year heralds exciting plans as we focus on the future as an expanding education provider for the Moreton Bay Montessori community." ~ Principal Yvonne Rinaldi. Caboolture Montessori School, established on an enchanting semi-rural campus 22 years ago, is a proven and preferred education provider for 15 months to 12 years of age. A Board Adolescent Subcommittee, is currently preparing the foundations for transforming the school as a provider of unique global learning opportunities beyond primary, to be delivered by 2024 for students to segue seamlessly for their entire schooling. Attendance at Open Mornings, four times a year, provides opportunity to experience

state-of-the-art facilities such as the impressive learning space by the Towill Design Group or to experience the environmental beauty of the Land for Wildlife campus, affording students outdoor learning activity and healthy educational opportunities. CMS is registered with Independent Schools Queensland and provides government approved outside school hours care (OSHC). With a nationally recognised curriculum, rigorous academic testing and excellence in student academic performance, graduates continue to place in leadership roles. Established, exceptional and enduring, Caboolture Montessori School is a preferred, global, education provider to the Moreton Bay region.

PRINCIPAL Anton Prinsloo

It is my privilege to be the Principal of St Paul's Lutheran Primary School & Kindergarten. St Paul's is a small school which is shaping big futures. Our school is all about community. At St Paul's we have embraced a contemporary learning philosophy which is based on teaching children how to be critical thinkers, collaborators and entrepreneurs, as well as being independent and self-motivated learners.

At St Paul's your child will be part of a learning environment which is flexible, inquiry based and provides opportunities for deep learning at individual levels. This environment allows every student to learn the processes behind what they produce. Our students are supported by highly dedicated staff at

their point of need and guided to make independent choices and grow a love of learning.

Families are welcome to visit our school to see how the students benefit from Learning Extension opportunities, Robotics, a Makerspace Centre and a 1 to 1 iPad Program all within modern, highly maintained and fully air-conditioned facilities. Our GSP Sports Academy offers programs in Netball, Running and Soccer.

Every day is an Open Day at St Paul's, book a personalised tour to see why we have been nominated as a finalist in the Primary School of the Year Category (Australian Education Awards) for the past 2 years. I look forward to meeting you and sharing our journey with you.
